Hikaru lost the will to fight so her sword vanished
Lost the will to fight—?!
Wait! What if he's an enemy?!
It's okay! See
Look how much Mokona likes him!
My the sword's being sucked back into her glove jewel

Pu!
Who the heck are y'all?
Thanks for helping us!
My name's Hikaru I'm from Tokyo
Toe-ky yo? Never heard of that
We were summoned by Princess Emera...
mmph mmph mp!
mmm mmph
Umi what are you doing--?!
Hikaru we still know nothing at all about him

What if he has something to do with Zagato?
If he found out we were summoned to Cephiro by Princess Emeraude ..
He would surely kill us
But Mokona—
Mokona might be like that with everyone
But—he helped us.
We don't know for sure why he helped us
That's what we need to find out

My name is Firu
And I'm Uru
Please tell us what your name is
I'm Ferio
What are you doing wandering around the Forest of Silence?

You can't use magic here.
Let alone, magic books or talisman.
All you have is your strength and your wits
So why are you here?
If you ain't a good swordsman, you ain't gettin out alive
Me?
I'm on my way to Eterna.

ETERNA?!
W why are y ou going to Eterna?!

To get
the
legendary
mineral,
Escudo

Whaaat?!
Psst! Escudo is that stuff Presea told us to get to make weapons right?
R-right
Does that mean we have to beat Ferio?!
whisper
No way?!
Worry
Is there enough Escudo?
He won't take ours will he?
Hmmm

Some strange threads...
But I s'pose it's okay cause you got armor
It's Ferio isn't it...?
Yes ma'am
And you are going to Eterna?
Yes
Then you know the way to Eterna?
smile...

I just told you you can't use magic here and that includes magic compasses
Everyone knows you've gotta go through the Forest of Silence to get to Eterna
But ya gotta find the way out on your own
So
Huph!

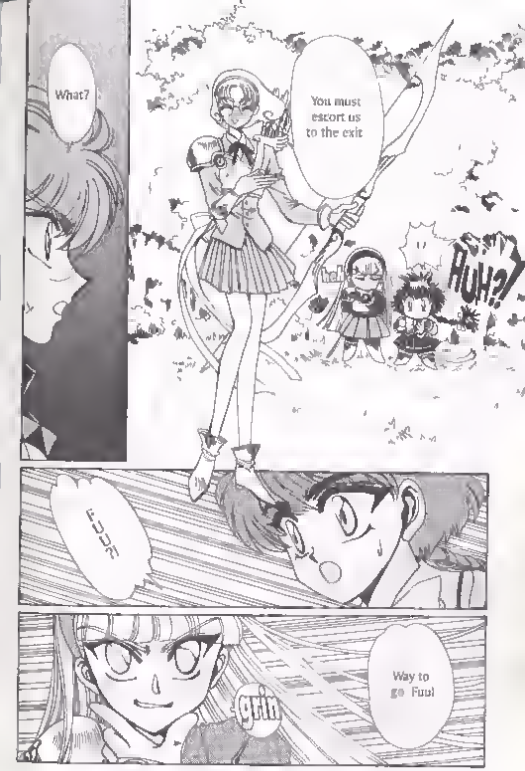
What's I im up to?
WOPPY
I get it!
On one condition



What?
You must escort us to the exit
HUH?
EEK!
Way to go Fuu!
grin

With so many monsters in this forest
It would be quite a struggle to get through on our own.
Then you needn't follow us
Therefore if you escort us through the Forest of Silence
we will take you to the exit.
If I say no—?
For it doesn't seem we shall leave this forest alive

And you would also struggle
Yahh!
Yeah, that's cool!
Me...a bodyguard?
You scratch our back we'll scratch yours
What...at mean?
It's a saying in our country
Country?
So you're travelers?

Guru Clef's disciple?!
If that's true why are you fighting us?!
Didn't Clef tell you?!
Cephiro's in danger!

She used her magic to save us
Now it's my turn

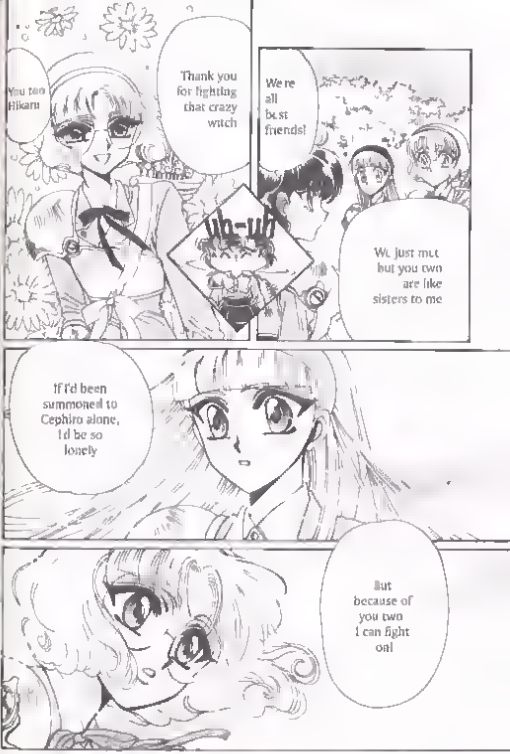
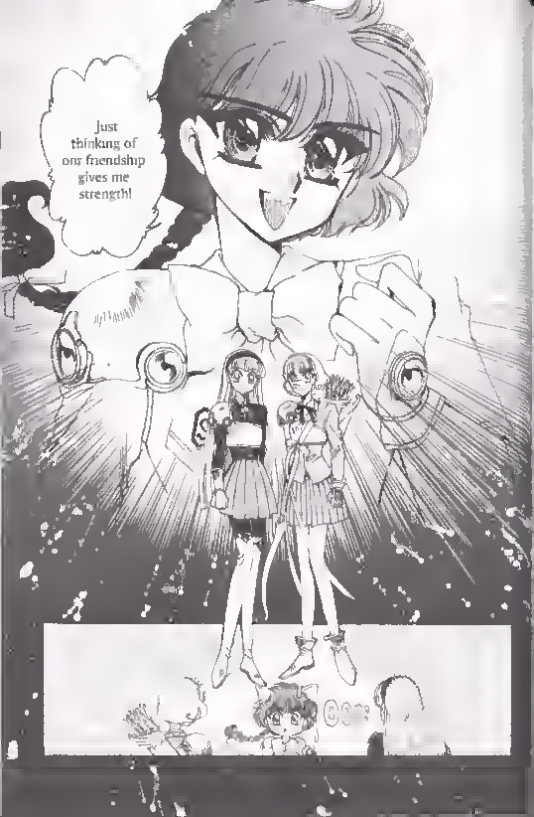
You're the best, Umi



You too Hikaru
Thank you for fighting that crazy witch
Umi
Ha-ah
We're all best friends!
We just met but you two are like sisters to me
If I'd been summoned to Cephiro alone, I'd be so lonely
But because of you two I can fight on!



Just thinking of our friendship gives me strength!

I'm not...
the only one ...who thinks that. ?
Um...
I don't want to force myself on you..
BLUSH
I've gone too far please forgive me
Cute, innocent girls like Hikaru are so few
Really
I'm glad we could become such great friends she's so cute!

Yay!
Wanting to help Hikaru gave me such strength
When I realized I had to save my new best friend from the clutches of that witch I gathered my courage—
And the magic just came
Uml—
I don't know what's going on here and I don't understand why it's happening, but...

Let's work togethet to get back home
What do you say Hikaru?
The same goes fot me
Fuu

I knew you were up to something strange
Ferio
Y'all are those Legendary Magic Knights ain't ya
W-we didn't mean to lie to you...
But
You couldn't tell if I was an enemy or not
We're sorry...

No you were smart
HUH?!
From what you just said I gather you all have made up your minds to rescue Princess Emeraude
Fuu Umi..
I want to tell Ferio the truth
Fuu!
Umi!
We come from Tokyo

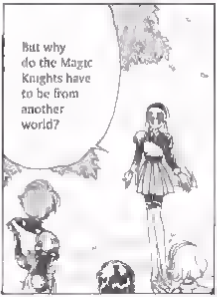
All of a sudden the floor of Tokyo Tower gave way and we found ourselves in Cephiro
Then...
We met a sorcerer named Clef
He asked us to save Cephiro
Who's a squirt!
That little squirt's pretty famous!
Seems that way...
You met Guru Clef?! He's the most powerful sorcerer in Cephiro!
Who summoned you all?

Clef said it was Princess Emeraude
You said it was Zagato
who kidnapped her didn't you?
That's what Clef told us
Now I get it...
That's why monsters are running amuck in Cephiro
And why disasters have been shaking up our peaceful land

Your turn... We revealed our identity.
Now who are you?
A friend of Princess Emeraude's...
? ? ?
So the legend was true...
Legend? What legend?
Both Clef and Presea spoke of a legend
But we haven't heard the details
It's a tradition
It's never been recorded... only passed along by word of mouth

If something major affects Cephiro
"they" will be summoned from another world
to become the Legendary Magic Knights
and fight using the power of the Spirits

That's right!
Clef said we have to revive the Spirits in order to become Magic Knights!



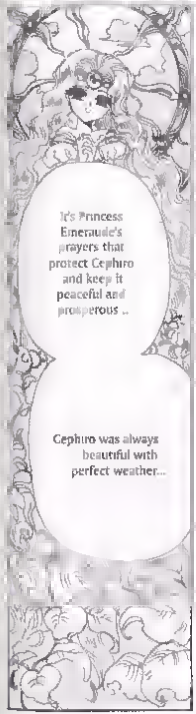
But why do the Magic Knights have to be from another world?

Especially when Cephiro has lots of strong people like you?
I didn't get that either

That's why I was headed to Eterna to get Escude
to try and see if I could become a Magic Knight

Come to think of it
Guru Clef said that many warriors and sorcerers fought to rescue Princess Emeraude
If Zagato is the enemy, it's hopeless
No way they could win
Is he t t t that strong ?
He's darn-tootin' strong!
Spinnn
I think I feel faint
But if he's that strong, wouldn't it be even harder for a foreigner to win?
I still don't understand Cephiro
In our world you don't see monsters wondering round
If we were playing a fantasy game, maybe
That's right "Legendary Magic Knights" belong in a videogame
I don't get it either but I guess the legend has come true

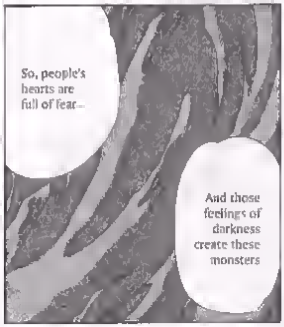
The pillar of Cephiro, Princess Emeraude has been kidnapped by Zagato
I don't know where the princess is or how she's holdin up
But without its pillar monsters are appearing even in the rural areas of Cephiro
Earthquakes and storms are coming one after the other
The monsters here come from the people's fear
The pillar supports our world
with the power of her will



It's Princess Einemaide's prayers that protect Cephiro and keep it peaceful and prosperous ..
Cephiro was always beautiful with perfect weather...

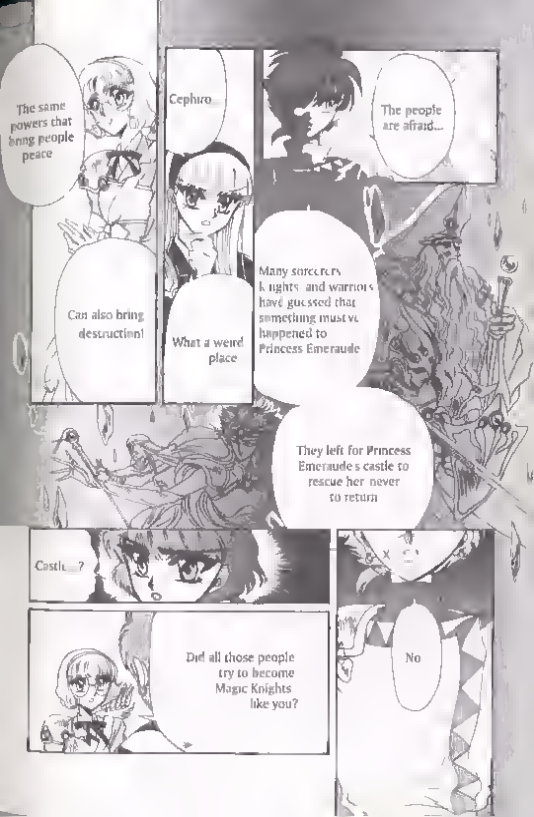
Until now
The princess can't pray on behalf of Cephiro

That's why the sky is stormy and the earth reels



So, people's hearts are full of fear...
And those feelings of darkness create these monsters

Then those monsters
Come from everyone's souls
Belief is everything in this world...
Souls
Souls full of fear
Create those monsters...



The same powers that bring people peace
Can also bring destruction!
Cephiro
What a weird place
The people are afraid...
Many sorcerers knights and warriors have guessed that something must've happened to Princess Emeraude
They left for Princess Emeraude's castle to rescue her never to return
Castle...?
Did all those people try to become Magic Knights like you?
No

Only those closest to the Princess
know the legend of the Magic Knights ..
Then...
How did you
He He He
But if Princess Emeraude has summoned you all from another world...
It proves that only people from another world can become Magic Knights
glimmer
The jewel on Mokona's forehead.
This time the light's staying red

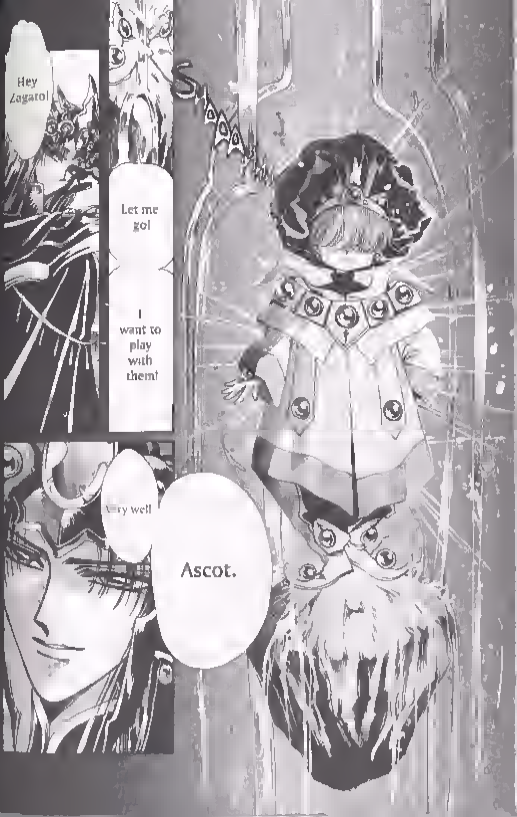
So the Magic Knights are fighting for Cephiro just like the legend says



Hey Zagarol
Let me go!
I want to play with them!

Are these monsters really just projections of fear?

Where's the spring?
There's no water anywhere...

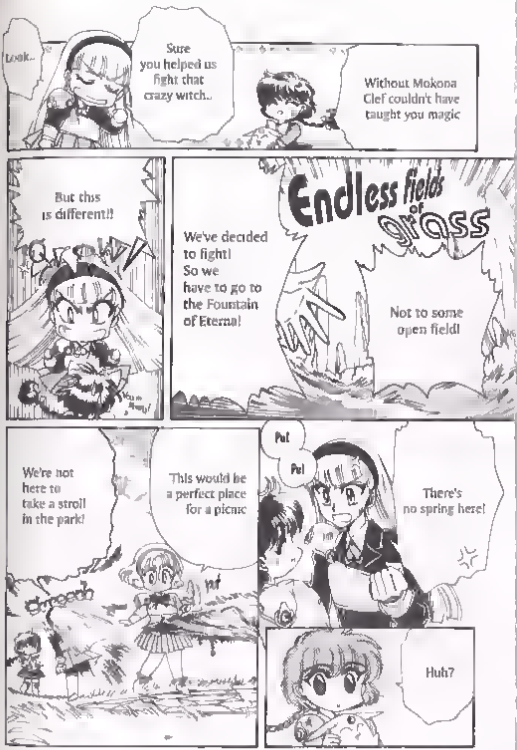
Pe! Pe!
MOKONA!!

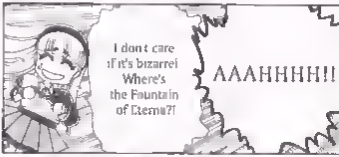


Look..
Sure you helped us fight that crazy witch..
Without Mokona Clef couldn't have taught you magic
But this is different!!
Endless fields of grass
We've decided to fight! So we have to go to the Fountain of Eternal
Not to some open field!
We're not here to take a stroll in the park!
This would be a perfect place for a picnic
Put
Put
There's no spring here!
Huh?

What's wrong, Hikaru?
This line here.
What's that line?
Line?
Clearly, a line
It's a line
What IS this?
I don't know..
There's just a line there

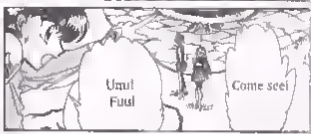
Pi!
Pi!
Waiti
Mokonai

So why is a line just hanging there?
Well...
Cephiro is a bizarre place...



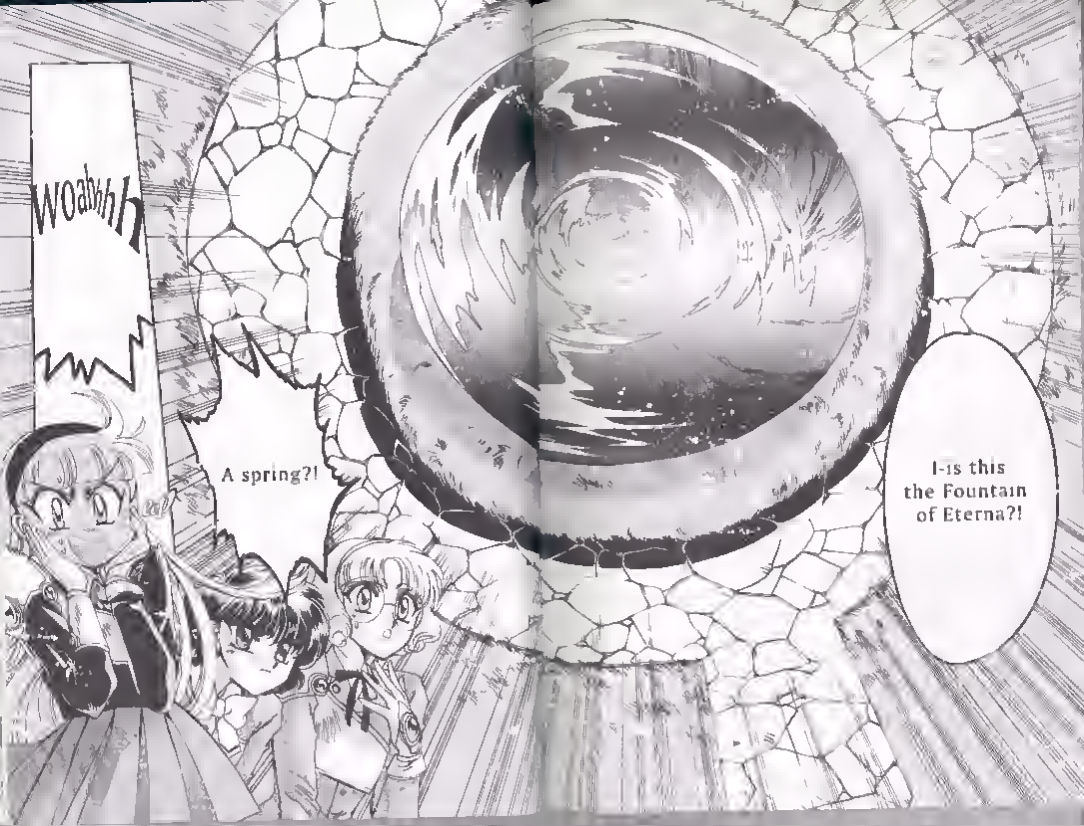
I don't care if it's bizarre! Where's the Fountain of Eternal?!
AAAHHHH!!!

What's wrong Hikaru?!

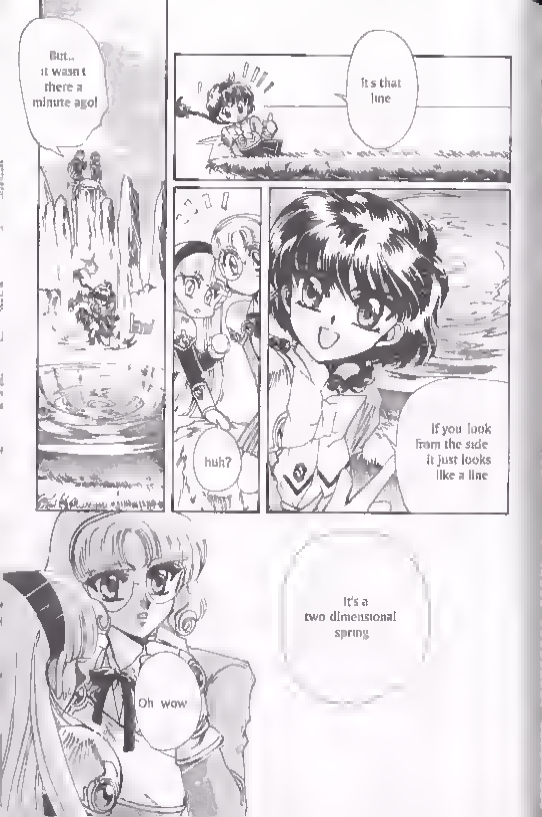


Umu! Fuu!
Come see!

WOW
?
!?



Woahhh
A spring?!
I-is this the Fountain of Eterna?!



But...
it wasn't
there a
minute ago!
It's that
line
huh?
If you look
from the side
it just looks
like a line
Oh wow
It's a
two dimensional
spring

Pu!
Pu!
So...
Where's the Escude in this spring?
There's just the spring. I can't see anything that looks like a mineral
Maybe it's in here
WHAAAT?!

This ...
Is too much ..
Cephiro is such a bizarre place
It's more than bizarre!
We're supposed to bring back the Legendary Mineral Escude from this Weirdo Fountain of Eternal
Point
From this line!
It's not the "Weirdo Fountain." It's the "Legendary Fountain."
For a spring that looks like a line,
"The Weirdo Fountain of Eterna" works fine!
SNAP
That's it!
From now on you are the Weirdo Fountain of Eterna!

But Umi
the people of Cephiro
won't be pleased
to know you
changed its name
Hey!!
What's
wrong,
Hikaru!
Hikaru!
Mokona?!
boing
Pop
Mokona!!

It's... gone
Mokona!
Mokona!

The Fountain... does seem to be in here...
But how deep is it? And how will we breathe under water?
Well...
We won't know until we go in..
Ohhh this isn't good...
I'm going in
Hikaru
Mokona is telling us
that the Legendary Mineral Escude is in there
I've decided to become a Magic Knight
So I have to get some Escude

Let's go!
You're right
It's no use standing around here
I don't know what's going to happen

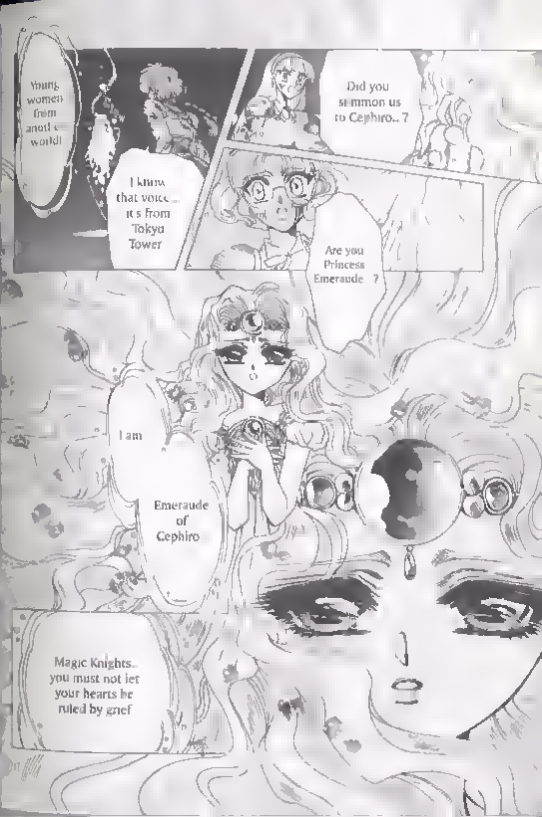
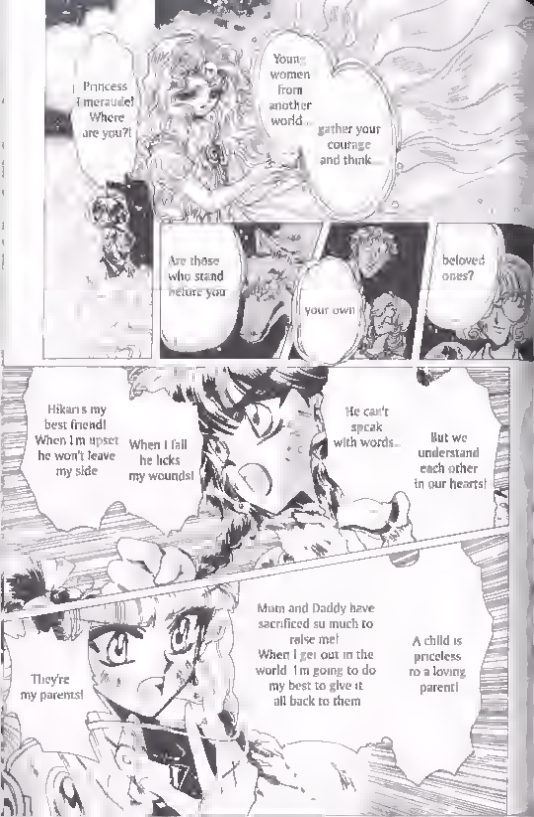
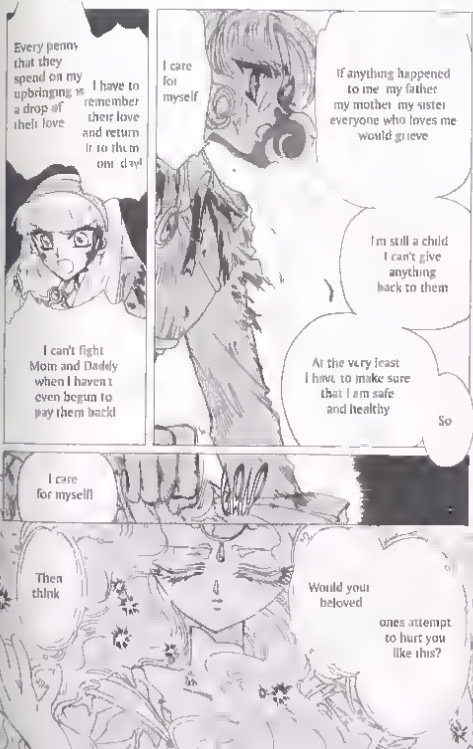
Magic Knights!
What?!
Who?!
Who said that ?



Young women from another world!
I know that voice... it's from Tokyo Tower
Did you summon us to Cephiro...?
Are you Princess Emeraude ?
I am
Emeraude of Cephiro
Magic Knights... you must not let your hearts be ruled by grief

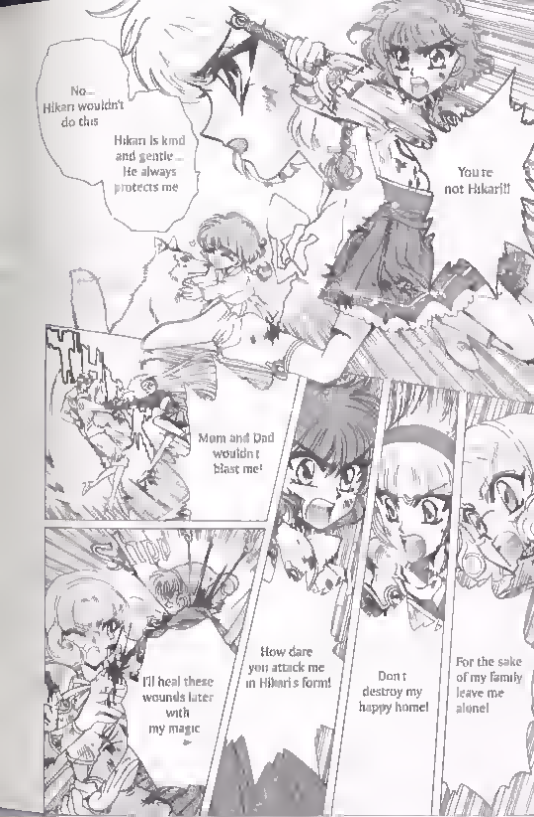


Princess Emeraude! Where are you?!
Young women from another world...
gather your courage and think...
Are those who stand before you
your own
beloved ones?
Hikaru's my best friend! When I'm upset he won't leave my side
When I fall he licks my wounds!
He can't speak with words...
But we understand each other in our hearts!
They're my parents!
Mom and Daddy have sacrificed so much to raise me! When I get out in the world I'm going to do my best to give it all back to them
A child is priceless to a loving parent!



Every penny that they spend on my upbringing is a drop of their love
I have to remember their love and return it to them one day!
I can't fight Mom and Daddy when I haven't even begun to pay them back!
I care for myself
If anything happened to me my father my mother my sister everyone who loves me would grieve
I'm still a child I can't give anything back to them
At the very least I have to make sure that I am safe and healthy
So
I care for myself!
Then think
Would your beloved ones attempt to hurt you like this?

GASP
Your beloved ones
Would they wish you pain?
Or make you suffer?
Think about it...
Then
Take the Legendary Mineral Escude
She's gone...



No—
Hikari wouldn't
do this
Hikari is kind
and gentle—
He always
protects me
You're
not Hikari!!
Mom and Dad
wouldn't
blast me!
How dare
you attack me
in Hikari's form!
Don't
destroy my
happy home!
For the sake
of my family
leave me
alone!
I'll heal these
wounds later
with
my magic

I've just.. used a bit too much of my soul..
I'm all.. right..

Thank you Presea
for making us such wonderful weapons
Thank you so much!
Your armor...
That's right! It changed all of a sudden!
When we found the Escude in Eteraa
Suddenly the armor glowed and morphed...
You too Fuu?!
Hikaru's did too?!
Guru Clef gave you that armor... didn't he...?
NO!

Evolving
Now that you mention it evolving weapons can only be made from Escude right?
That's right
Guru Clef must have given you evolving armor
Weapons made of the Legendary Mineral Escude evolve along with their owners' soul
Your swords have not yet reached their true form.
They'll change shape?
Just like the evolving weapons it changes as you advance
Yes
the strength of your souls will evolve your swords

In Cephiro everything is decided by the soul
The strength of weapons... The success of magic ..
and ..
Even the future itself

I've made weapons for each of you
because I like you
Thank you... Presea
I want you to be strong
so I made your weapons special

We even talked to Clef through Mokona

Mokona must have much on its mind
Much on its mind huh...?
It doesn't look that way—
It's clearly thinking hard
Pu! Pu!
Hey!
What's up Hikaru?
This scenery
What about it?
Look closely
It's the same as when we were first summoned to Cephiro
The sea
A mountain in the sky—
and a volcano

So this is Cephiro ...
It's beautiful
This is the same scenery
So it's kind of fuzzy but...
I was scared out of my wits when the floor of Tokyo Tower gave way

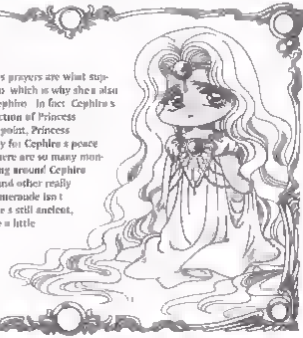
MAGIC KNIGHT RAYEARTH CHARACTER PROFILE

Emeraude

Info Princess Emeraude's prayers are what supports the world of Cephiro which is why she is also known as the "pillar" of Cephiro. In fact, Cephiro's condition is simply a reflection of Princess Emeraude's heart. At this point, Princess Emeraude isn't able to pray for Cephiro's peace and safety which is why there are so many monsters and evil spirits running around Cephiro causing strife, confusion, and other really annoying stuff. Princess Emeraude isn't quite as old as Clef, but she's still ancient, even though she looks like a little girl.

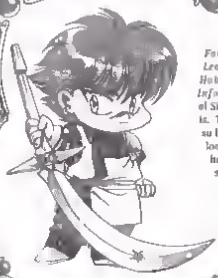


Guru Clef

Favorite thing Silence
Least favorite thing Loudness
Hobbies Strolls & Talking to his "pets"
Info Guru Clef is the main magic man in Cephiro - he teaches magic to those who have the potential to use it. He promised Princess Emeraude that he would guide the girls summoned from another world to become Magic Knights (you know who that is). Even though he looks like a little kid, Guru Clef is really 745 years old. He is the top guru in all of Cephiro and is known to have quite a temper.

Presea

Favorite thing V-Tech (a kind of food in Cephiro)
Least favorite thing A Messy Room
Hobbies Punishment
Info In Cephiro weapons are made by "artisans," and that includes both weapons for battle and weapons for sports. The Chief Artisan in Cephiro is Presea. In fact, Presea is the only Artisan in all of Cephiro who can make weapons from the Legendary Mineral Escude. One thing about Presea though is she doesn't always listen to those who she's talking to. Instead, she has a tendency to go off into her own world and play around.



Ferio

Favorite thing Sleep
Least favorite thing Not enough sleep
Hobbies Napping
Info Ferio suddenly appeared in the Forest of Silence and we don't quite know who he is. This mysterious boy (well, it is Cephiro so he could be very old, even though he looks like a young boy) definitely knows how to use a sword. Although there are still many unanswered questions about Ferio, one thing we do know is that he uses a sword that's as big as he is.
